5. Finance

CS ongoing 5min

Budget/ Cash flow Forecast

We have achieved the recruitment base case of 1280, and so are now aiming for 1400 competitors and 1300 T-shirts. T-shirts are a significant part of budget revenue and currently there is a 25% differential between budget and orders.

CS confirmed affordability of the pavilions but we are now on careful cost watch, since even if we achieve 1400 registrations and 1300 t-shirts, we will just break even.

Team captains, EC & BW (social media and marketing) please encourage participants to order T-shirts especially as we are approaching low price order cutoff date 30th September

Cap profit proceeds and Captains allowance of \$550 each to be distributed in September (less larger tent expense)

6. Events

MM

ongoing 15min

Progress of Canoe relay

Tribe (DT) have submitted an initial application for an Aquatic license, and have been declined on an administrative issue, they have now resubmitted. This process has been complex and difficult. Tribe have also had a trial run of the course and would like to highlight how different 2016 will be to previous years. The race will only take between 45 to 60 minutes to complete.

Event Schedule

OC adjudicators have been changed to satisfaction of all at the meeting.

Lane Draws

Could team captains please get back to MM with the events they feel are important to have redrawn for lanes and heats.

MM to re draw lanes and heats team captains please contact Mark with your agreement to this plan

Captains: MM sent out a site map, with mark ups for each event, please review, Thank you to Lara Calder for her work

6. Handbook re-write

SS

ongoing 5min

Version 8 of the handbook was distributed for inspection and review in the late afternoon of 24th August, it is expected from here on that the handbook will be sent to AMS for uploading to the website to ensure that is the most up to date version and should be Captain's and team's reference point.

Feedback forms & incident reports will be loaded to the website

Chris Rossiter has offered to formulate and conduct a Survey of participants after the games – Thank you

GVGOC Minutes 24th August 2016

Sponsorship - Viva Energy(shell) & Greenwich Pharmacy LMS to send letter requesting financial or other support

7. Recruitment AMS

Unaccompanied minors - Terms and conditions update, Anthony Foley to be consulted by AMS that an additional form of release needs to be signed by guardian adults for unaccompanied children.

Extended Family

AMS sent out a note to captains to be alert to this abuse of family registrations. Fees have been kept specifically low and the budget is under strain.

Tailoring of matrix to competitors

Discussed however questions arise of; when is the cut off, and what if some teams have the participants and others don't, and then it takes away the incentive to recruit widely throughout the community. It was agreed that the playing up or down of people through the age bands was the mechanism designed to provide flexibility for the captains in the finding the right team members for each event. And agreed that the +60 age band and lowest age bands in the competitor Matrix would be reviewed in November.

Recruitment of teenagers

Recruitment team have prepared flyer to be distributed to teenagers specifically through the sports club year books and at to the older girls at the Greenwich Dance Recital
